

Vest Panel Measuring Guide

Wearer Name: _____ Agency: _____

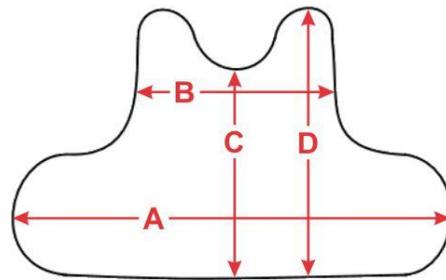

Panel Manufacturer: _____ Date: _____

Instructions:

Remove panels from the carrier and lay flat on a table. When measuring, do not include excess cover material, straps or tabs.

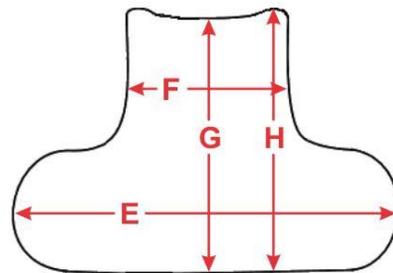

Using a cloth measuring tape, measure the 8 dimensions (A-H) and record in the corresponding spaces. Measurements must be given in inches. Please feel free to call us at 800-728-0974 if you have questions.

#	FRONT PANEL	Inches
A	Torso width end-to-end	
B	Chest width end-to-end	
C	Neck to bottom	
D	Shoulder to bottom	

FRONT PANEL

#	BACK PANEL	Inches
E	Torso width end-to-end	
F	Upper-back end-to-end	
G	Back of neck to bottom	
H	Shoulder to bottom	

BACK PANEL

Current Panel Side Fit in inches (select one): *

Gap: _____ Butt Fit Overlap: _____

* Side Fit is where the front panel meets the back panel when worn. We need to know the amount of gap or overlap.

A Butt Fit is when the panels meet with no gap or overlap.
